

First 2 months of Telehealth at no cost to you.

- Quality healthcare without leaving home
- Visit a doctor using your smartphone, tablet, or computer
- 24/7/365 access
- Avoid exposure to illnesses

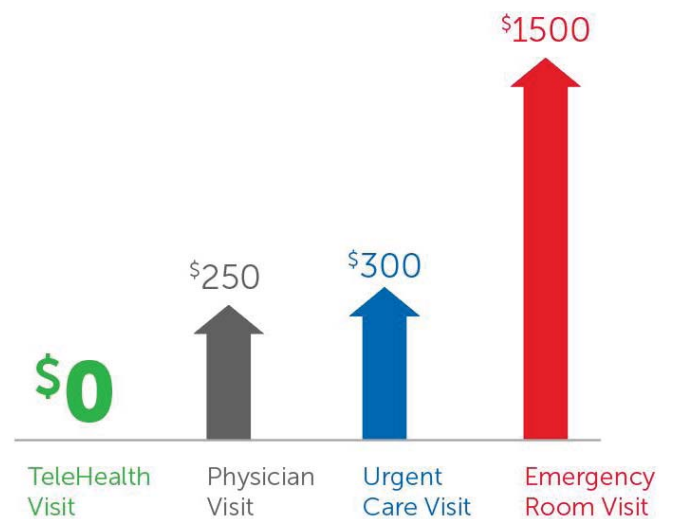

Save money, Save time, and Avoid Exposure with MDLIVE®.

Utilizing a telehealth service instead of visiting an Emergency Room may save individuals up to \$1,500 in medical costs. It also can save you time and keeps you away from medical facilities which keeps you from being exposed to COVID-19 and/or other contagious diseases.

MDLive provides 24/7/365 access to a network of U.S. Board Certified physicians who can diagnose, recommend treatment, and prescribe or refill prescriptions* (when appropriate) for routine conditions by telephone, smartphone app, webchat, and email. It is a convenient way to address non-emergency medical issues with unlimited visits and no co-pays.

Coverage Today. Your enrollment gives you and your family access to 2-months of funded coverage.

Coverage Ongoing. Special pricing for those who wish to continue with this plan at the end of the 2-month period: \$8.99 per month single or \$9.99 per month for family coverage.

Visit a doctor or physician by mobile app, video or phone.

Visits are convenient, private and secure. Protection of your personal information is our priority.¹

Avoid the inconvenience and high costs of going to the emergency room or urgent care center.

Prescriptions can be sent directly to your local pharmacy if medically necessary.

¹NOTE: This statement is a promise. A data breach will be the responsibility of InsuranceTPA.com.

*MDLIVE does not guarantee that a prescription will be written. MDLIVE does not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse.

**MDLIVE does not replace your primary care physician.

MDLIVE operates subject to state regulation.

MDLIVE physicians reserve the right to deny care for potential misuse of services. For complete terms of use, visit www.mdlive.com/pages/terms.html

MDLive providers use the MDLive platform to offer convenient access to quality care. Your copay is \$0 for digital medical consultations.
